JACK FROST - BIG BOULDER, SKI, BOARD, TUBE, EAT, APRÈS

BLAKESLEE, PA – Located just a few miles away from Split Rock Resort are the skiing, snowboarding and tubing areas of JFBB Ski Areas. Jack Frost offers daytime winter fun, while Big Boulder operations are primarily at night with additional daytime hours during weekends and holidays.

Skiing and Snowboarding at JFBB

JFBB is known primarily for outstanding snow conditions. The areas have 100 percent snowmaking, and their groomers work hard to live up to the JFBB reputation. In the Pocono area, the resorts are the first to open and the last to close.

Jack Frost provides an inviting ski area with 21 different slopes, trails and parks. It presents an "out West" vibe with glade skiing and riding. Big Boulder offers night skiing and riding on 15 slopes and trails. For the more adventurous, the areas have a variety of terrain parks and features. In addition, the JFBB rental shops offer the latest and greatest in equipment. One ticket gets you two mountains of fun.

JFBB offers ski and snowboard lessons for adults and children at both Jack Frost and Big Boulder. If you are a beginner, or someone looking to improve your skills, the unique set up and hours can offer you the freedom to learn at both resorts. The Discover Beginner Lesson is designed so that the students can move through the learning stations at their own pace. Everyone learns at a different rate and this beginner lesson allows the student the time he or she needs to master the skills needed to ski on a beginner slope.

Peak Discovery Program – valid at Seven Northeast Peak Resorts – Jack Frost, Big Boulder, Hunter Mountain, Mount Snow, Attitash, Wildcat, Crotched Mountain, this new step by step lesson product from Peak Resorts is aimed at giving you the opportunity to "Learn, Practice, & Explore" when you want, where you want, at any Peak Resort in the Northeast. Guests may choose at which resort(s) to complete their program, opting to complete the program at the same property or mixing up resort locations. For example, you can take a Day 1 lesson at Jack Frost or Big Boulder, then visit Hunter Mountain for Day 2, and then Mount Snow in Vermont, for

Day 3. The ski and snowboard instructors will teach everything you need to know, from putting on your boots, to using a chairlift, to the art of turning on snow, all at your pace and at the resorts of your choosing.

Snow Tubing at JFBB

Take your family out for a day of snow tubing fun at Jack Frost and Big Boulder. Snow tubing is just like sledding but without hauling the sled back up the hill. Just sit back, delight in the 600-foot conveyor carpets or towrope lift, and then enjoy the wild ride down the hill. Treat the whole family to a snow tubing adventure. Sessions are three hours long and are at set times at both Jack Frost and Big Boulder, or make an entire day of it and tube both mountains with one open to close ticket.

Grab a Bite

Let them serve you at Jack Frost's Frosty Toboggan Bar & Grill. Table service is available for breakfast, lunch or dinner. Start the day with a nutritious omelet or delightful Amaretto French toast.

Enjoy live acoustic music between runs, kick back and feast on flatbread sandwiches and soup, or have some appetizers before you hit the road. Choose from a large variety of specialty burgers made of beef, chicken or salmon. The kids will love mac and cheese bites, fries or hot dogs, to name a few.

If you would rather get back to the slopes quicker, there are plenty of other food outlets available such as Jack's Pizza, The Cantina and the lodge and grill.

Après Ski

Enjoy the infamous E-2,000 lounge at Jack Frost and the T-Bar at Big Boulder. Both offer live entertainment on weekends, and a fun atmosphere to unwind after an exhilarating day on the slopes.
