TRUCKEE, CA – The Cedar House Sport Hotel, located just outside Historic Downtown Truckee, fuses innovative green architecture with the best of contemporary design. Described as a stunning combination of hip and organic, The Cedar House incorporates a number of eco-friendly elements, bringing a fresh and environmentally-conscious style to the Sierra.

It is nestled in the Martis Valley area of Truckee, just minutes from world-class mountain recreation. Featuring 40 rooms and suites, Cedar House has all the modern conveniences, from flat screen TVs, to heated bathroom floors, to fine Egyptian cotton linens and robes. You will not have to sacrifice comfort and luxury to go green.

The Cedar House Sport Hotel is the dream work of your hosts, Jeff and Patty Baird. The concept of a Sport Hotel is based on the Baird's annual trips to the European Alps. In the Alps, families run hotels that offer a relaxed, casual atmosphere.

The hotels are called "sporthotels," emphasizing the mountain recreation or "sport" aspect of the region.

The Cedar House offers a warm, family run, hospitality experience, similar to a bed and breakfast but with all the privacy and convenience of a modern boutique hotel and with great dining.

The hotel is near all north shore resorts; Northstar is close by. Diamond Peak, Squaw Valley, Alpine Meadows and Sugar Bowl are easy 15- to 30-minute drives.

Stella, Cedar House's dining room, incorporates the breathtaking nature of the local environment, balancing fresh produce grown from The Cedar House's gardens with simple ingredients, creating food that is warm, comforting and inviting. An intimate, relaxing environment enriches the Stella experience. While a complimentary breakfast is served daily

to the hotel guests, Stella is not a nightly dinner restaurant. It specializes in custom dining options for groups and families celebrating special events, however several times per month, Stella offers to the dining public its Pop Up Dinner Series. Designed and formatted like a spirited dinner party, a Stella Pop Up event is an exploration into creative cooking.

Stella is an interactive culinary dining affair. They believe that no great meal should be eaten alone, but instead shared amongst family and friends as you unwind and exchange stories from the day. This is dinner as it should be. A repast with a soul, heart and nourishment,

It is their goal to give their community an intimate dining experience showcasing new approaches to traditional and exotic flavors in conjunction with what defines North Lake Tahoe, its people.
