

MT. BACHELOR 2021-22: OUTPLAY ALL DAY

BEND, OR – Mt. Bachelor welcomed pass holders and visiting guests back on the snow for opening day on Friday, Nov. 26. New for winter 2021-22 is the Mt. Bachelor app now available to download free on their homepage. It offers real-time alerts on weather, lift status and resort news in addition to features like Track My Turns, Find My Friends, Lift Wait Times and more. Also new for this winter is Fast Tracks, your limited, daily upgradeable product for gaining access to more laps, more powder and more stoke. Your winter adventures await.

More good news is that parking is first-come, first-served; no reservations are required for winter 2021-22. Limited premium paid parking is offered at West Village Lodge and Sunrise Lodge parking lots. Mt. Bachelor will continue to prioritize the well-being of their guests, teams and community throughout the season by following all local and state COVID-19 guidelines. For the latest updates resort-wide, see below.

Not Your Average Mountain

With more than 4,300 acres of lift-accessible terrain, Mt. Bachelor is the sixth largest ski resort in the U.S. Located on the eastern flanks of Oregon's Central Cascades, Mt. Bachelor is known for its light, dry snow, diverse terrain, family-friendliness and long seasons. When you arrive at Mt. Bachelor, you will find out why this unique volcano has become a destination for skiers and riders from all over the world.

Take Care and Be 360 Aware

Mt. Bachelor offers over 4,300 acres of thrilling terrain for everyone to enjoy but it also presents dangers that need to be considered before anyone gets on a lift. It is imperative that skiers and riders understand and follow the rules that are presented below so that their stay is injury free. Obeying signage, skiing or riding with a buddy or group and knowing your limits will all help minimize risks and prevent incidents.

Catch a few tips from their pro patrollers as they hit the highlights on skier responsibility, navigating the mountain, skiing off Mt. Bachelor's Summit and tree well safety via one-minute reels that can be viewed at their "The Mountain" webpage tab at www.mtbachelor.com

Save Big with Winter Deals

From discounted lift tickets, to special offers on lessons, sled dog rides and more, this is the place to score the best deals for your winter adventure at Mt. Bachelor. Check back often, as deals and specials come and go quickly, or stay in the loop by signing up for their newsletter on the deals and discounts section of their "Plan Your Trip" tab at: www.mtbachelor.com

U.S. Forest Service offers you the opportunity to ski or ride around with one of their naturalists free. Join one of the 90-minute interpretive tours mid-December through March from the West Village Base area and learn about winter ecology at Mt. Bachelor as you take laps and find the hidden powder stashes, with a local forest expert. Tours also cover the geology of Central Oregon, the Deschutes National Forest watershed and the plants and animals found throughout this area.

Nature Focused Alpine Ski Tours

This activity is open to all ages, however they do ask that participants be proficient or intermediate level skiers or riders and are properly dressed for the weather. It is presented by the Bend Fort Rock Ranger District of the Deschutes National Forest and Mt. Bachelor.

The tours are offered on Saturdays and Sundays with the dates and times to be announced. No reservations are required. They are also offered during holiday periods except for Christmas and New Year's Day and are offered on Oregon school vacations throughout the winter.

Those desiring to participate should meet the ranger guides at the top of the Pine Marten lift. Please check in 10-15 minutes prior to time of your tour. You must have a lift ticket or season pass to ride the lift. There is no charge, however donations are accepted on behalf of the non-profit partner, Discover Your Forest, to help fund this volunteer-based program.

MT BACHELOR, OR - With more than 4,300 acres of lift accessible terrain, this mountain is the sixth largest ski resort in the U.S. Here you can ski or ride 360-degrees around the dormant Stratovolcano that forms this awesome ski area. Photo courtesy of Mt Bachelor, Bend, OR

Flying to Mt. Bachelor

Redmond Municipal Airport (RDM) is the nearest full-service airport to Bend and Mt. Bachelor. It is the fourth largest commercial airport in the state and serves all of Central Oregon. The airport is approximately a 20-minute drive to Bend and a 40-minute drive to Sunriver.

This airport is served by five carriers: Alaska Air, American Airlines, Allegiant, Delta, and United. They offer non-stop flights to Seattle, Portland, San Francisco, Los

Angeles, San Diego, Denver, Salt Lake City, Las Vegas, and Phoenix.

On arrival, there are a number of ground transportation options available to get you to your final destination. In addition to ridesharing apps, local shuttle and taxi services are readily available with many lodging properties offering free airport shuttles. Car rental services are also available. Call in advance to reserve a winterized vehicle with snow tires and/or studded tires that best suit your needs.

Summer at Mt. Bachelor

Then, after the snow melts, summer comes alive at Mt. Bachelor with a new three-stage zip line that is the Northwest's highest-elevation zip adventure. Designed as a multi-stage tour that allows customers to explore the unique volcanic terrain via three zip line spans, riders will fly over open bowls and off-piste terrain previously only accessible to advanced skiers and snowboarders in winter.

On the ground, passionate mountain bikers and thrill seekers can test their ability and push their limits during an adrenaline-pumping ride down the mountain on more than a dozen downhill bike trails.

For a more relaxing experience in the summer, enjoy an elegant Sunset Dinner featuring gourmet Northwest cuisine and spectacular twilight views.
